

Dear Educators,

The following set of cards* are designed to give you handprints in multiple colors. While there are numerous colors to choose from, we recommend that you stick with a very simple pattern of few colors.

PreK/Kindergarten: a simple AB pattern of two colors is best. You can rotate the colors and use the handprints for several weeks.

Elementary: an AAB or ABC pattern is simple enough to maintain continuous smooth movement.

Remember...keep it simple!

*Slide 10 includes a black and white copy

*Slide 11 is a card template for you to use for future cards
