

Dear Educator,

The following set of creep track cards contain a sentence about the color of fall leaves.

The leaves in fall are orange, yellow, red, and brown.

Printing them as is will give you 10 cards. Depending on the number of pockets in your Creep Track, you may want to remove the cards with the words *in fall*. This would give you 8 cards for a complete sentence. This will allow some Creep Tracks with 16 pockets to have the sentence repeated.

Depending on how many pockets you have in your intentionally spaced out track, you can play around with the number of words to make a fall sentence.

A blank card below gives you some flexibility to create your own sentence with a fun fall border.

A decorative border of various autumn leaves in shades of red, orange, yellow, and brown surrounds the text. The leaves are scattered around the perimeter of the page.
